Unique Management continues to provide significant value and returns many items to the library. Covid test distribution program will be discontinued as supplies run out due to cessation of funding. Youth and adult outreach programs and other efforts continued and are increasing library resource access. The interlibrary loan program is funded through 2026. The primary book vendor has gone out of business. The loss of the primary book vendor has delayed book orders. A request was made by the City for all departments to eliminate non-critical general fund expenditure. The cleaning resources have been reduced in response to the request. The expenses from the general fund are primary salaries with books funded from the public improvement fund. The budget was presented to City Council at the October council meeting.

- Friends of the Library: Association of Friends of the Ishpeming Carnegie Public Library (FOL) has not met since the last meeting. The meeting schedule for FOL has been moved to quarterly meetings.

FOR IMMEDIATE RELEASE

Ishpeming Carnegie Public Library to Receive \$10,000 Gift from Carnegie Corporation of New York

Ishpeming, MI - 30 October 2025 — Ishpeming Carnegie Public Library will receive a \$10,000 gift from [Carnegie Corporation of New York](#), the foundation established by Andrew Carnegie. The award is part of [Carnegie Libraries 250](#), a special initiative celebrating the upcoming 250th anniversary of the signing of the Declaration of Independence and honoring the roughly 1,280 Carnegie Libraries still serving their communities across the United States.

Scottish immigrant Andrew Carnegie funded the construction of 1,681 free public libraries nationwide between 1886 and 1917. Approximately 750 of them continue to use their original buildings, while others have moved to new locations. Opened in 1904, our library is one of 61 Carnegie Libraries in Michigan built through this historic program.

“Andrew Carnegie’s initial gift of a free public library allowed for every person in a community to have equal access to ‘knowledge and opportunity’. Our library continues to provide that access over a century later by ensuring we offer well-rounded collections, internet access, a wide variety of programming for all ages, and educated staff to accomplish these goals,” said Library Director Jesse Shirtz.

“Our founder, Andrew Carnegie, who championed the free public library movement of the late 19th century, described libraries as ‘cradles of democracy’ that ‘strengthen the democratic idea, the equality of the citizen, and the royalty of man,’” said [Dame Louise Richardson](#), president of Carnegie and former head of the University of Oxford. “We still believe this and are delighted to celebrate our connection to the libraries he founded.”

Ishpeming Carnegie Public Library will receive the gift in January 2026, and we may use the funds however we wish to celebrate the 250th anniversary, further our mission, and benefit our community.

Patrons are invited to share their Ishpeming Carnegie Public Library photos, stories, and community celebrations at [carnegielibraries.org](#).

###

Hello,

I recently stumbled across the "Slice of Literacy" Community Grant Program from the Pizza Hut Foundation (deadline of December 1st) and have been working on an application for our 2026 Summer Reading Program. This grant requires a letter of support from a "partner, stakeholder, or beneficiary". I'm wondering if you would be willing to write a letter on behalf of the Library Board in support of the Summer Reading Program and our grant application.

Here is a link to the grant (it's very vague): <https://apply.mykaleidoscope.com/program/SliceofLiteracy26>

Here is some information about our grant application:

Project Overview: Our annual Summer Reading Program (SRP) has over 500 participants under the age of 17. By providing fun and engaging events that encourage reading and visiting the library, we can hope to facilitate the joy of books and lifelong learning and uphold the mission of our library. Families, children, and teens log their reading throughout the summer, while working towards a reading goal. The program is incentivized which helps motivate readers and prevent the "summer slide" that can occur while school is out of session.

In the past, we have seen an increase in registrants for the program, but completion rates remain around 30%. Our goal is to encourage more active participation, and therefore program/goal completions, by offering small prizes throughout the program for meeting smaller reading milestones along the way.

The theme for SRP 2025 is "Unearth a Story" and features a Paleontology/Archaeology theme. Our project would give out prizes of rocks and crystals at check-ins throughout the summer for children and teens and small plush dinosaurs for children under age 5. We anticipate that the frequent check-ins will keep families and children/teens excited about the program and will result in a higher completion rate.

Project Target Population: Our target population for this program are children; specifically, new readers, reluctant readers, and below grade level readers.

Budget: \$1,200.00 in Program Supplies

These supplies include polished stones, natural crystals, sliced agates, pendants, and plastic gems. In addition, the supplies would also be used for small burlap bags for storing rocks, adjustable necklaces for holding the stones, small dinosaur stuffed animals for the younger children, and National Geographic Rock Collection Kits for grand prizes. Finally, 2 wooden chests would be purchased for storing the rocks/gems (one to be located at each staffed desk at the library for prize pickup).

Long-Term Impact: The ultimate goal of our Summer Reading Program is to encourage interest and to find joy in reading which will help to increase literacy skills and reading success. We also hope to create a welcoming, educational environment that encourages repeat visits to public libraries.

Please let me know if you'd like any additional information.

Thank you,

Heather Lander, MLIS
